

TS Video Loop Quick Installation Guide

Installation of the TS Video Loop couldn't be easier; this guide includes instructions on how to install and use the software.

Step 1:

First download and open the .exe file onto a Touchscreen (must have Windows OS)

Step 2:

Then choose the video you want to display.

Your touchscreen will then play the video on a continuous loop.

- If you wish to change the video, press the space bar.
- If you wish to exit the application, press esc. (the application will now change to windowed mode, to return to fullscreen please restart your device).
